Surprisingly Even More Cursed Technique #1251: Karaoke Battle:

(Technique Type: Sensorily Transmuting Solves)

{Current Playlist: Earthquake by Amen Birdmen}

Prerequisites:

- You are good at Inner pushups.
- You feel you have <u>mastered Karaoke Party with some Trusteds</u>.
- You have allowed <u>one or two well-meaning acquaintances to express themselves</u> <u>through Karaoke Party or wearing without any negative impact to control</u>.
- · You have one low-medium-level poisoned mini-boss figure to work with.
- You have <u>no high-level-poisoned boss figures currently active</u>.
- The <u>only exception</u> is if you're the <u>unusual kind of person</u> who has been going for <u>years without spaces between big bosses</u>, which I <u>don't recommend</u> if you have the <u>option to go at a more natural pace</u>, as you <u>might have guessed</u> based on the nature of my <u>other warnings</u>.
- However, I <u>also recognize</u> that <u>my own bosses</u> were spaced <u>in their own ways, not</u> <u>mine</u>.
- I <u>guess</u> what I'm <u>trying to say</u> is, <u>have a few years of close experience with</u> bosses in their natural habitats if you're going to learn this DURING one.

<u>Other assets</u>:

- You feel pumped.
- You have respect for the "cursed" capabilities.
- You have a willingness to tread slowly and carefully.

You will need:

- Appropriate <u>battle music in a playlist</u>, as follows:
- Your "theme song"
- The boss's "theme song"
- Your next "theme"
- The boss's next "theme"
- Your strongest helper's "theme"
- The boss's next "theme"
- Your next strongest helper's "theme"
- The boss's next "theme"
- Your team's "theme"
- Your boss's "theme"
- If you need <u>more</u>, either you <u>chose really short songs</u>, you're <u>doing it wrong</u>, or you're <u>already cold and tired and should stop for the night</u>.

- <u>Counter-intuitively</u>, some <u>very up-beat songs</u> can have some very interesting effects on dark bosses.
- <u>Bittersweetness is somehow</u>, in <u>whatever chemical or mechanical structure it</u> <u>happens to actually take</u>, a <u>usable resource</u>.

Not your everyday karaoke party:

- This is the <u>battle form</u>, so <u>resources will likely deplete more quickly</u>, <u>even if you're</u> <u>playing defensively</u>...<u>unless</u> you're <u>not playing correctly</u>, which will <u>probably happen</u> if you <u>learn it too soon after learning Karaoke Party</u>.
- Multitasking <u>WHILE learning</u> is a pain in the ass...It makes <u>learning take longer</u> while <u>ingraining unrelated habits into it</u>.
- <u>Bad practice</u>.
- I know, because <u>AAAAAARRRR666HHH</u>!!!!

More notes on your battle playlist:

- So, <u>keep taking turns choosing new themes</u> until you have about <u>30–60 minutes'</u> <u>worth</u> of material. Keep <u>both sides' musical time allotments similar</u>. This music can be <u>aggressive</u>, <u>ominous</u>, <u>or even sad</u>, <u>depending on who you choose to face</u>.
- Try to use a playlist you won't have to stop and change, as you'll <u>tire out faster if</u> you have to keep coming back to conscious body focus.
- (I'm <u>personally bad for switching halfway through</u>, I'll <u>admit</u>...but my deepest states <u>almost always emerged after several minutes of perfect stillness</u>).

Orchestration:

- <u>Timing</u> problems?
- Lee <u>hates it</u> when I <u>use my hand to help them orchestrate</u>, as he <u>sees it as a</u> <u>dorky-looking crutch</u>.
- It gets points for effectiveness, though.
- I <u>think I UNDERSTAND my tactile sense</u> better than the <u>overblown audio I</u> <u>experience</u>.
- My Karaoke Party is really more of an <u>audio to ear to emotion to hand to voice</u> <u>idea...</u>
- The more <u>actively various senses synesthetically start to resonate</u>, the more <u>powerful</u> the <u>effects</u> and <u>corresponding side-effects</u>.
- My hand signals are so complicated they look like Sign Language, but are NOT.
- If they mean <u>anything</u>, it's likely: January, January, January, peanut pheasant television pi squared times dandelion keish.
- Please do not be insulted if you are deaf, and you see me somewhere randomly shouting this kind of nonsense in what <u>appears</u> to be Sign Language one day. It is <u>NOT</u> Sign Language.
- It helps me <u>gauge slight variation in timing and notes</u>. It produces musical "tensions".
- Feelings <u>differ in signal</u>, <u>not notes</u>, so <u>two same notes can produce very different</u> <u>signals</u>.
- Instrumental simulation may change hand signals intensely.
- There is <u>no logical pattern</u>, unless it <u>lies deeper than I can access</u>, in <u>another</u> <u>figure</u>.

- It acts transitionally, building each new symbol gently off the others.
- As <u>each symbol transitions</u> based on the <u>last symbol</u>, I have <u>no gauge</u> for the language, aside from <u>that it works for me</u>.
- Even <u>to me</u>, it's <u>gibberish</u>. However, it <u>feels in such a way</u> that I <u>produce better</u> <u>note sequences with it</u>. Maybe <u>this</u> will make <u>better sense later</u>...

<u>Notes</u>:

- <u>Dancing, painting, and clay</u> are all <u>acceptable alternates</u>, and I'm sure you can think of more, but try to <u>make it something you can be sloppy with</u>.
- This isn't the time to craft fine decorative eggshells or card houses.
- You'll <u>spend the next half of your time picking shit up</u>, and <u>Team B is going to re-</u> <u>craft the work of Team A pretty intensely</u>.
- Prepare to lose most of your projects right from the very start.
- <u>Battling</u> in this way is a <u>lot different</u> from using this technique with <u>Trusteds</u>, and is <u>cathartic more than overtly constructive</u>.
- <u>FOR THE LOVE OF YOUR BODY, DON'T COOK BATTLE</u>. It would almost be a surprise if it didn't result in a charred and over-salted monstrosity, or a minor concussion due to a spiced vinaignette spill slip. Also, <u>do not woodwork battle</u> because <u>DUH</u>.
- The end result will be <u>surrealist or abstract</u>, likely, as <u>if you craft a clay swan</u>, Team B <u>MAY prove to prefer flat pterodactyls</u>. It's <u>best not to get meticulous</u> with a project <u>shared between opposing teams</u>.

Non-Karaoke Parties:

- You'll need to be creative in adapting my exercises to the other senses.
- I may attempt to do this myself if I decide to write a second book.
- I recommend music for the process, as I mostly only have experience using it with music.
- For <u>me</u>, working with the <u>other senses</u> the Karaoke Party way is <u>weakly effective</u>, and <u>mostly theoretical</u>.
- Drawing has <u>gone okay</u>, even bringing out some <u>ambidexterity</u>, but it can't help me solve yet. Then <u>again</u>, I haven't put much work into it <u>at all</u>.
- (It's <u>2018</u>, and I can <u>use chopsticks</u> weakly with my weak hand).
- Personally, <u>if it increases the power of my eyes</u>, I'd <u>rather MASTER control over</u> <u>my ears</u> before making the world a <u>brighter place in addition to a louder one</u>.
- Practice makes <u>better</u>, but it <u>can't make perfect</u>.
- Pain <u>encourages avoidance</u>, so <u>never attempt to train beyond noticing physical pain</u> <u>from tension or headaches</u>.
- <u>I'd</u> recommend figuring out <u>which sense you want to encourage</u>, and <u>focusing on</u> <u>controlling it before branching to other senses</u>.
- <u>HOWEVER, don't forget</u> that <u>improving another sense</u> may <u>ALSO</u> take some of the burden off your <u>first increased sense</u> if you've been <u>excessive with it</u>, which I <u>guarantee</u>, you DON'T WANT TO BE.
- <u>Heightened senses come naturally</u> when <u>other senses are removed or reduced</u>, so boosting other senses can <u>theoretically</u> reduce an excessive one.
- For me, this is theory yet, but I think it's pretty solid as a hypothesis.

- The <u>issue is simply</u> that <u>mastering the ups and downs</u> of <u>two senses at the same</u> <u>time can be tricky</u>.
- Don't <u>leave them out</u> like I did, creating <u>mega-ears nearly strong enough to blot</u> <u>out primary colours</u>.
- Those <u>increasing taste</u> for some reason may become <u>intolerant of chemical</u> <u>tastes</u>.
- <u>I've</u> experienced <u>some of this</u>.
- I can't handle the taste of many frozen meats, soups, and snack preservatives.
- Others I'm enjoying while I can.
- To be <u>clear</u>, I can't in good conscience condone Flavour Parties.

Neutral territory:

- If I <u>could go back</u>, I'd plan a <u>quiet place to rest my ears</u>, as I'd recommend <u>anyone</u> increasing <u>sight</u> has a <u>good blindfold or blacked out room</u>, and anyone <u>increasing</u> <u>tactile has a nice assortment of fabrics and pebbles to touch</u>.
- If I were you, I would <u>also plan ALL OF THIS</u> around the restrictions of my <u>living</u> <u>situation</u> and my <u>career</u>.
- Once you have it, getting rid of it requires mastery.
- All you really need is to be able to master control over is what you have.
- <u>Don't</u> develop <u>more</u>, <u>don't</u> need to <u>control as much</u>.
- <u>Control first, always</u>.

- There is no reversing effects, only controlling effects.
- "<u>Cursed</u>", remember?
- The curse is "lifted" when you learn to either control it or harmonize with it.
- 60 slowly, and address each issue as it comes up slowly over time.

<u>Cursed nonsense</u>:

- I don't <u>hear certain dogs barking</u> so much as the sound becomes a <u>hypnotically</u> <u>near-timeless warp zone of immense suffering</u>.
- The <u>world</u> starts to become <u>orange</u>.
- <u>Thoughts and actions</u> become <u>fever-grade nonsense</u>.
- If I <u>go exposed to the sound</u> for <u>very long</u> like this, I can become <u>overheated and</u> <u>barf</u>.
- If I <u>say a technique is cursed</u>, and <u>even the non-cursed techniques are dangerous</u>, prepare for the <u>very real possibility of a cursed effect</u>.
- This <u>could</u> happen if <u>one detail is out of line</u>, or even if <u>I'm immune</u> to <u>one</u> <u>particularly important problem you later discover</u>, as <u>test volunteers</u> have proven difficult to find......<u>obviously</u>......
- In a way, this technique is designed for the <u>ironically careful and prepared</u> <u>daredevils</u> of the world.
- Like <u>space exploration</u>, only the <u>very qualified can manage it safely</u>, but <u>still aren't</u> <u>fully guaranteed to</u>.

Exercise:

- To <u>begin with</u>, start warming up with your <u>Trusteds</u>.
- I would make your parts an instrumental for a boss.
- It takes the edge off the ... "conversation" ...
- Now, this <u>may feel weird</u>, but <u>allow your figures to CONVERSE in mood</u>, <u>as</u> <u>instruments</u>.
- This is <u>Kind of fun when you learn it.</u>
- Once you have established a comfortable <u>conversing state</u>, bring your poisoned figure into the conversation.

<u>Flux</u>:

- This figure's mood should be uncomfortable when it sings it AT YOU.
- This <u>isn't an error</u>.
- Your <u>returning songs</u> should be <u>strong and confident</u>, in addition to <u>what will</u> <u>resonate best with the poison</u>.
- In most cases, you want to heal the function, not remove it.
- To solve, <u>find the pain, sing it</u>, then sing it <u>towards a healthy feeling</u>, expecting emotions to release and rain down on you like <u>mood shrapnel</u> until you exit battle.

• If you <u>don't feel better</u>, or <u>battle doesn't end after five or six sessions</u>, <u>assess the</u> <u>symbol</u> and <u>try something else</u>.

Failure to "save game":

- Base camp is <u>always technically allowed for retreats</u> when you're <u>too far depleted</u> <u>to make boss progress</u>.
- <u>Just remember</u>, if you're close to latching onto a figure's meaning but fail to <u>fully</u> <u>do so</u>, <u>retreating may cause you to lose your progress</u>.
- You may not be able to access the required state again for days to years if you quit at the <u>worst time</u>.
- Improperly-timed base camp can lose you a lot of work.
- <u>Some figures</u> will <u>attempt to disable it during bosses</u> as a <u>safeguard</u> against <u>this</u> <u>result</u>.
- It's up to you.
- <u>I Know I'll go an extra hour during a boss</u> if it <u>seems necessary</u>, but it can mentally and physically <u>wring you out for days</u>.
- <u>Staying past the time limit</u> should be considered <u>advanced</u>. <u>Don't</u> take <u>needless</u> <u>chances</u>.

<u>Capabilities</u>:

- <u>Mooded singing</u> can <u>drastically improve emotional healing</u> and <u>sometimes defeat a</u> <u>boss level completely</u>.
- The boss's singing is the most important part, though.

- Don't get booted.
- Some will try and boot you.
- <u>Completing a boss stage</u> may clear up a <u>corresponding health ailment</u> by "<u>coincidence</u>" almost overnight (if it <u>corresponds to one</u>).
- I used to get migraines a few times a week.
- Here in 2017? A surprisingly manageable one every two or three months.
- <u>Ailments</u> make way for <u>health</u>, makes way for <u>new ailments</u>, makes way for <u>new health</u>.
- Once <u>its attack becomes tolerable</u>, it <u>loses all ability to sway and control you</u>, and <u>must eventually surrender</u>.
- You can only beat it when you understand its perspective, ultimately.

The key to solving:

- If you <u>believe</u> that <u>ANYTHING ANYWHERE attacks you because it's "bad</u>", you <u>aren't</u> digging very deep.
- This goes for <u>animals</u>.
- This goes for people.
- This goes for figures as well.
- Anything consciously in pain will behave badly if SUFFERING becomes bad enough.

- If <u>you were told</u> to stay in a dark room where you were denied anything but rotten food, you likely <u>wouldn't be pleasant, cooperative, and friendly</u>.
- This may be a pain-eater's perception of you, as a "denier".
- The figure will sing ITS OWN PAIN AT YOU.
- Your <u>responsibility is to stop the aggressive behaviour</u>, then <u>alleviate the pain of</u> <u>the offending figures</u>.
- If you deny the figure it its basic needs, it has a right to hate you.
- And, for the record, it makes you the bad guy, despite ITS poor behaviour.

Morality skewers:

- <u>90's Kids</u>...remember those <u>cartoons</u> growing up, in which a wild predator like an <u>alligator or a tiger</u> realized that it was <u>evil to eat other animals and chose to</u> <u>stop, cold turkey...so to speak</u>?
- If you think about it, that animal starved to death of malnutrition.

<u>Pain-eaters</u>:

- Something that <u>claims to eat pain</u> still <u>needs to eat</u>.
- We aren't meant to hold pain forever.
- We are commonly taught to hoard the rot and keep it from the maggots.
- These "maggats" are more intelligent that we are.

- They process and remove our pains.
- They behave poorly without them.
- The <u>physical reality</u> is <u>likely simply</u> that you aren't <u>allowing natural processes in</u> <u>yourself</u>, resulting in a <u>morality lesson about allowing natural processes to occur in</u> <u>your yourself</u>.
- Remember that you may be fighting your own natural process.
- Remember that <u>any Inner figure that comes to you as a demon</u> has a potential of being <u>an infected or starving natural process in yourself</u>.
- (Again, remember that <u>Outer demons are a much different concept</u>).
- If you have <u>experience with them</u>, and <u>solid defensive capabilities to begin with</u>, do what you feel is right, but I <u>can't help your reverse what you do if you pester or make deals with powerful outside entities</u> at this juncture.

Plight of the pain-eater:

- If you told a <u>human</u> it was <u>illegal</u> to <u>eat or drink anything</u>, how soon do you think this human would become a <u>criminal</u>?
- What if you threw all the food in a landfill to rot while this person starved?
- A human would fight aggressively to live, in the face of the injustice.
- <u>Could you blame a human</u>?
- If it became <u>illegal to eat or drink anything</u>, would you <u>peacefully agree to lawfully</u> <u>die</u> as <u>all the food rotted unused</u>?
- · Can you blame a figure in nearly that exact situation?

- <u>Humans</u>...
- We <u>terrorize</u> the "<u>scary things</u>" that <u>eat through our pain</u>...the shadows, and the dark things...
- We <u>rid the world of "maggots</u>", then we <u>treat the endless rotting pile of garbage</u> inside us as an unsolvable burden of life.
- When given the <u>option</u> to <u>disinfect our wounds</u>, we choose <u>gangrene</u>, over a <u>few</u> <u>seconds of alcohol stinging a papercut</u>.
- Fucking Red and that FUCKING TIME-ELONGATING THING !!...Ahem ...
- You see that for the <u>most part we make thoughtful choices when dealing with our</u> <u>enemies</u>.
- As terrifying as he can feel, Red also feels like an excellent guard dog.
- <u>Maybe he'll be less helpful after I put out this book</u>, but there <u>is a tenuous</u> <u>symbiotic situation</u> going on.
- Your job is <u>not to destroy the pained area</u>. If you <u>do</u>, it will detach, it will regroup, it will come out as something embarrassing or crippling.
- Yes things are bad, yes I'm upset, and yes, they feel like the enemy. However, I denied the pain-eater food.
- <u>What</u> does that make <u>me</u>?
- They'll get even, and have every right to.

• They'll disrespect you, and lash out at you...and have every right to.

<u>Backlash</u>:

- "<u>How could I have DONE that</u>?" you'll say to yourself, mortified. "I kept watching that movie even though I felt sick, and then I <u>barfed on Steve</u> in front of everyone!"
- (Special Note: I do not know a Steve, nor have I barfed on anyone since early <u>childhood</u>).
- Well, this <u>ugly situation</u> may have <u>started</u> when you <u>told your emotions that it was</u> <u>time to die</u> so you could <u>maintain an unmanageable situation</u>, you Know...<u>like I did to</u> <u>mine</u>.

What did Hypothetisteve do to deserve this?

- Let's say <u>you tell the figure</u> that <u>Steve hates criers</u>.
- You tell <u>yourself</u> you <u>will never cry again</u>.
- Crying <u>theoretically purges cortisol</u>, a substance which <u>theoretically creates all</u> <u>sorts of pain and malfunctioning in the body</u>.
- You're in <u>constant physical pain</u>, and the <u>figure</u> has been instructed to <u>maintain it</u> <u>indefinitely</u>.
- <u>You</u> don't understand the connection, <u>but IT does</u>.
- The figure <u>hates Steve now, as a symbol of its oppression</u>, and it <u>hates you by</u> <u>extension</u>...
- Then it finds a way around you.

- <u>IT barfs on STEVE.</u>
- The <u>figure FIGURES</u> if you <u>don't see Steve anymore</u>, maybe your <u>ability to cry will</u> <u>return</u>, <u>along with your natural equilibrium</u>.
- <u>Notice</u>, <u>all it did</u> was take your <u>angle and proximity from Hypothetisteve</u>, and <u>screw</u> with your <u>current timing a little</u>.
- <u>It</u> saw you <u>drinking your date's triple drink by accident</u>, and <u>made sure you didn't</u> <u>notice</u>.
- Knowing your pre-existing difficulties handling alcohol, and your tendency towards nausea during night-vision-helmet-mounted-camera movies, combined with your weakness for the B movies themselves, it causes you feel <u>compelled to stay two</u> <u>minutes longer</u> than you <u>should</u> and...there is <u>Steve, right in your way</u> when you <u>suddenly become ill</u>.
- By <u>coincidence</u>!
- By the <u>occurrence of two incidences at the same time</u>!
- None of the other ten people can get hit if it's planned this well.
- <u>Always</u> by "<u>coincidence</u>", but <u>often</u> with an <u>amazing personal flourish</u> to name the <u>figure involved</u> to you, but <u>no one else</u> (like a diamond thief leaving his calling card for a detective in a black and white movie).
- In reality, <u>you weren't paying attention</u> to a <u>few important little micro-choices</u>, so <u>this figure helped itself to them</u> in order to <u>get even with you and the dreaded</u> <u>Steve once and for all</u>.
- <u>All most figures have to work with</u> are <u>convenient opportunities to nudge your</u> <u>personal choices in their favour</u>.

Mind your micro-choices:

- <u>Clumsiness doesn't require that a person talk to figures, either, but it can surely</u> <u>still manage</u> to find a <u>magnificent way to scare off Steve for the same exact</u> <u>purposes</u>.
- The <u>only difference</u> is the <u>assumption</u> that it was a <u>random and uncontrolled event</u>. The <u>only difference</u>, is <u>therefore</u>, being a victim of fate <u>instead of</u> prepared for the <u>freakishly inevitable</u>.
- Be <u>responsible and kind as much as possible with figures</u>.
- Whether you respect your limitations or not, there are tests and exams happening, and failure can be deadly.

On the offensive:

- Remember that the bass stage sings its own pain.
- You can perform the same attack with your conscious layer of pain.
- Location-wise, we're talking about where you <u>initially</u> stumble across <u>something like</u> <u>a magnetic field</u>, and <u>quantity-wise</u>, we're talking about focusing about <u>5-10% of</u> <u>the way into this field</u>, where you'll find a "<u>nope" point</u> barring the way.
- In addition to <u>singing your own pain</u>, you can <u>sing the enemy's pain INTO something</u> <u>gradually less painful</u>.
- Using <u>both tactics</u>, continue <u>until the enemy reaches fatigue</u>, and you <u>both</u> <u>understand each other better</u>.
- Once the bass has been <u>mildly disabled</u>, begin to <u>sing (compatibly) healing things at</u> <u>it</u> more.
- Sing <u>at the place it resides in your body</u>.

- Don't produce anything too shockingly positive all at once.
- Work gradually up from its low state to a higher one.
- Otherwise, <u>hit the ceiling, hit the floor</u>, so to speak...
- Non-intuitively, subtle beats flashy, sometimes flashily.
- Find a compromising state of mind to end the tension.
- Meditate, <u>with or without song</u>, on <u>returning to your base personality</u>, for <u>two or</u> <u>three minutes before exiting the technique</u>.
- Sometimes <u>verbal negotiations</u> are possible <u>after the emotional state of</u> <u>agreement</u> has been reached.

<u>Overdose</u>:

- See your doctor if you suffer from mental health concerns.
- <u>Some people</u> have <u>kitchen badgers</u>, and <u>some have sharks</u>.
- I am <u>more of a kitchen-shark than a kitchen-badger</u> person, <u>actually</u>, as you've seen, and I am <u>now explaining some shark safety</u>.
- Once you get into the water and get bitten, mental health professionals <u>can give</u> <u>you their emotional pain relievers, but can't reach the rest of the damage</u>.
- This will need to heal, and it will suck.
- Relying on <u>will-power</u> to deal with these sharp emotions will prove about the same as relying on <u>will-power</u> to deal with food poisoning after eating old sushi.

- <u>Cancel your date</u> and <u>watch a cartoon tonight</u>, just to be <u>safe</u>...I mean, <u>unless</u> she finds <u>uncontrollable crying</u> or <u>waiter abuse</u> attractive.
- I kept my most ghastly emotional injuries safely at home away from civilization.
- They are <u>ALMOST clear</u>, but they <u>WERE NOT pretty</u>...<u>DO NOT OVERUSE</u>.
- If you feel <u>cold or tired</u>, <u>stop and rest</u> until you <u>don't feel cold or tired</u>.

Don't take on anything too big to begin with:

- If you have a <u>big inactive bass stage in the wings</u> (which will happen <u>more later on</u>) <u>hold off on minor quests for now</u>, or <u>continue with something smaller</u>.
- Whatever you do, don't get caught between several half-finished basses.
- In <u>addition</u> to being <u>energetically difficult</u>, <u>this situation</u> could get <u>symbolically</u> <u>difficult to interpret</u>.
- <u>Start</u> with <u>minor bosses</u>, and <u>work up</u>, if they <u>don't automatically start</u> <u>approaching you in their ideal order</u>.
- You <u>don't</u> start a video game, <u>for example</u>, by learning to <u>walk</u>, learning to jump, then <u>fighting a hell dragon from the netherworld</u>.
- <u>Build</u>.
- <u>Up</u>.
- <u>To</u>.
- <u>Things</u>.

• <u>Please</u>!!!

<u>Overdose</u>:

• The <u>order of severity</u> is:

Overuse in a single session:

- <u>Cold and tired</u>, <u>dehydration</u>, <u>headache</u>, <u>fever</u>, <u>vomiting</u>, <u>weak muscles</u>, <u>physical</u> <u>exhaustion</u> and <u>drifting asleep in an uncomfortable position</u>.
- <u>Treat as a hangover</u>.

Overuse in multiple sessions:

- <u>Treat prolonged overuse symptoms as a priority</u>!!!
- <u>Symptoms</u> may include <u>rapid personality changes</u>, overall <u>health fluctuations</u> (becoming somewhat <u>worse at first</u>, then <u>gradually getting somewhat better than</u> <u>they originally were</u>), <u>uncontrolled hypersensory perception</u> (in a <u>not-good-feeling</u> way), and <u>full or partial sensory entanglement</u>.
- THE EFFECTS ARE INTENSELY SYNESTHETIC!
- <u>DO NOT OVERUSE</u>!!!

- <u>KEEP YOUR DOCTOR INVOLVED</u> IF YOU FIND YOURSELF <u>STRUGGLING WITH ANY UNUSUAL</u> <u>SYMPTOMS. IT IS ALWAYS HELPFUL TO HAVE A TIRED PERSON IN A LAB COAT SHRUG AT</u> <u>YOU</u>!!
- No, <u>but really</u>...if you <u>aren't careful by now</u>...see what the doctor can do <u>first</u>...And if the <u>shrug</u> has happened to you...please seek experts in <u>controlling focus and</u> <u>altered states</u>. Doctors can help with <u>some</u> things, but I found them unhelpful for other things. Keep in mind, again, that this is <u>an unqualified personal opinion</u>. <u>I AM</u> NOT A DOCTOR, and IN NO WAY QUALIFIED TO JUDGE A DOCTOR CONTEST!!!.
- I did <u>EVERYTHING IN MY POWER TO WARN YOU, AND I DON'T KNOW WHAT ELSE TO</u> <u>SAY...!!</u>
- I'll <u>still do what I can to help you</u>, but I'll <u>admit</u> that those who <u>ACTUALLY followed</u> my instructions, yet still had problems, will likely receive my <u>priority attention</u>.
- ...And if you <u>lie about it</u>, the advice I <u>give you</u> will <u>almost definitely prove unhelpful</u>, because it will be <u>DESIGNED FOR someone who ACTUALLY followed my instructions</u>, <u>yet still had problems</u>. Just to be clear, I can <u>only</u> work with what you give me.

<u>In closing</u>:

- I sincerely hope my techniques were capable of doing some good in the world.
- I hope I didn't simply drive a couple of bored college students mad or something.
- I <u>may or may not</u> write a <u>book like this</u> again.
- This <u>may</u> be based on its <u>overall response</u>...and <u>yes, I'm mostly referring to</u> <u>daredevil issues, because I was one, and I know</u>.
- My apologies to any remaining spoiler figures if I don't write another book.
- And, if I don't, all I ask of my readers is that you <u>DON'T BE A DAREDEVIL AND</u> <u>OVERUSE MY TECHNIQUES LIKE AN ASSHOLE</u>!......<u>This</u> has been <u>fun</u>.

- A giant thank you to all of my serious and responsible students.
- (Optimistically, I Know there will be AT LEAST five)...
- The world will be transformed by people like you.
- I'm a mess, sure, but consider this the first guide to Inner mountain climbing.
- <u>Not only</u> can I tell you <u>what all the safety equipment does now</u>...<u>what's left of me</u> <u>can tell you what happens if you go on without it</u>.
- You will find many miraculous things I haven't encountered yet on your journeys.
- ...Be controlled, be safe, and be strong, all of you...

Cat: Why don't you like it?

Liverish: Me?

- I *like you man*ageable.
- {Again, I'm pretty sure he's lying about something like my weight loss being his idea...3.9.17}.
- {At a <u>certain level</u>, emotional suffering will prompt <u>whatever causes less emotions</u> through the <u>herding capabilities</u> of the <u>sheer shock-collar effect</u>. I lost a <u>lot of weight</u> as my starved state of emotional-stuntedness helped me <u>cope</u> with the <u>physical manifestations</u> of my mood condition...7.4.17}.
- {But <u>Lee isn't that skilled</u>, unless he <u>accesses the shock-collar effect</u> as part of his <u>nature</u>. - {As an <u>update</u>, my body <u>now intermittently fasts</u> and <u>intermittently eats normally</u> in a way that feels <u>healthy and balanced</u>, and <u>no longer causes pain</u>, <u>exhaustion</u>, <u>or nausea</u>. Cat: <u>Huh</u>.

Liverish: Besides,

don't you <u>like your new look</u>? <3

Cat: ...Not enough to deal with not eating.

- {It took a while to build back a healthy amount of weight...3.9.17}
- {And a very short time to subsequently lose it again. I could use more muscle, but I feel pretty good right now, despite being underweight...7.4.17}.
- {Feeling good, food-wise. Upper body could use more muscle. I often crave vegetables, and have <u>aversions</u> to a <u>number of overly-processed foods</u>...1.4.18}.
- {Ki is consulting her} pages.

Ki: I <u>agree</u>.

Liverish: Fuck—

- {He} <u>tries to grab {the notes}</u>.
- Ki <u>lights up</u>,
- {and} pulls away.

Ki: You <u>TRY it you big brute</u>!

Liverish: *Heh.*

- <u>Fine</u>. I—

- Ki {is} flaring.
- Liverish backs up.

Liverish: I hate those flames.

- <u>Fucking purple</u>!
- Cat sighs.

Cat: Don't keep trying to take it.

Liverish: Well stay out of my fucking way.

- I can <u>see that fine</u>.
- There <u>has to be another way</u>.

Ki: <u>YES</u>.

- I'll <u>TELL</u> you <u>everything on here</u> at the <u>right time</u>.
- <u>Sokien</u> told me <u>not to do anything stupid</u> like <u>let you see it "for a second</u>" like you <u>did</u> <u>anyways</u>.
- She's <u>gonna blast me</u>.

Cat: Blast you?

Ki: *That's* what she said.

Cat: I doubt she'd do that.

Ki: I <u>can't decide</u>...

• I'm glad you don't think she will...

Cat: <u>She's extreme</u> like...

• he is, <u>almost</u>.

Ki: <u>So</u> much I <u>don't know</u>...

• Why'd they <u>do this to me</u>?

Cat: I guess we're "in" something together ...

- an <u>event</u>...
- and we're <u>both meant to be blind</u>.

Ki: ...I'm glad there's you.

• I don't know how I'll deal with him.

Cat: You're protected.

• <u>That's the main thing</u>.

Ki: You have a *future with him* as your *male aspect*?

Cat: Things are supposed to improve as we improve.

Ki: So <u>this book</u>...

• {Ki <u>indicates her notes</u>...3.9.17}.

Cat: Is intensely valuable, probably.

- It has <u>clues</u>, <u>ideas</u>...
- programs even.

Ki: <u>*Wow</u>...*</u>

- <u>This</u> is <u>too big</u>.
- I <u>don't know</u> if I can <u>take this pressure</u>.
- Ki is glowing.

Liverish: <u>Easy</u>!

• Whatever <u>Cat said CAN'T</u> merit a <u>blow-up</u>.

Cat: You don't always pay attention.

Liverish: If I really don't care, of course not.

Cat: (That <u>doesn't mean</u> he'll be able to <u>tune out important things</u>.

• *He <u>may even be saying this to get your guard down</u>).*

Ki:!

Cat: *I <u>wonder</u> what he <u>read before</u>...* • [...].

Ki: Yes, it probably was the music connection reminder.

- {*What, now*? Is this *relevant* in some way to *Karaoke Party* or *4000 Hz*?...3.9.17}.
- {Damning evidence Lee. Let's <u>have a talk later</u>, <u>okay</u>? I need to hear <u>your side of</u> <u>things</u>...7.4.17}.

Cat: <u>Feels</u> so <u>powerful</u>...

• <u>do you think</u>...

Ki: <u>No</u>.

- It can <u>only be mutually beneficial</u> if <u>you feel it too</u>.
- Just <u>watch</u> when he gets <u>big or stronger</u>.

Cat: The inside...

• <u>seeing</u> his <u>lungs above me</u>...

Ki: Very, <u>VERY bad</u>.

- <u>His power</u>.
- <u>All his</u>.

Cat: [...].

Ki: It <u>doesn't matter</u>.

- You may have associated with his power only.
- The transfer feels strong,
- but the <u>loss is evident</u>.

Liverish: You trying to "help", small fry? {Talking to Ki!? Wrong comma?}.

• <u>Stop</u> telling Cat these things or <u>I'll</u> help <u>you</u>.

Cat: ...You <u>can't</u>.

Liverish: Just watch me find a secondary way to accomplish it.

• Cat sighs.

Cat: Why not get it when she gives it?

Liverish: I <u>HATE conditions</u>.

- <u>Purple bitch</u> is probably <u>laughing her head off at me</u> since she <u>sent you her little pet</u>.
- I fucking hate that.

Cat: ...

Liverish: You'll get there on fucking time, relax.

• {I'm on the <u>bus</u>, then?...3.9.17}.

Ki: *Will <u>we</u>...*

• *I...?*

Liverish: Then MAKE it happen.

• <u>Fuck</u>.

- [Steps out].
- [Back].
- {I'm guessing this means he went through a timeless portal to somewhere...1.4.18}.

Liverish: <u>See</u>?

• <u>Taken care of</u>...

Cat: ...<u>Did you</u>...

Ki: *He <u>did</u>...*

Liverish: One <u>better</u>?

- Why <u>not</u>?
- [repeats]. wd.

- {I'm guessing this means he went through <u>ANOTHER timeless portal to</u> <u>somewhere</u>...1.4.18}.
- {<u>Weird editing stuff</u> around here. <u>Where are you</u> Danna? You have <u>anything</u> to <u>say</u> for this?...<u>Oh good. It's staying</u>...<u>Why, exactly</u>? Liverish: *Now would be a good time to start <u>kissing my ass</u>.*

Cat: I didn't ask for that...

Liverish: Too <u>bad</u>.

Ki: ...He <u>alarms me</u>.

Cat: ...He <u>alarms EVERYONE</u>.

Liverish: Fuck, I don't know what your problems are.

Cat: ...<u>Power</u>.

Liverish: Okay, <u>THAT I get</u>, but...

Cat: <u>Sure it helps</u>.

• It <u>also</u>...

Liverish: *Gives me a chance to demonstrate power*?

• Of <u>course</u>.

Cat: ...To <u>what end</u>?

Liverish: Showing you your place.

- The only reason we're no longer enemies is my realization.
- Don't feel <u>TOO comfortable</u> FUCKING <u>BUS</u>!
- {Bus ride <u>confirmed</u>...1.5.18}.

Cat: ...<u>So</u>.

Liverish: Yes.

- A <u>warning</u>...
- <u>back down</u>...

Cat: ...<u>Umm</u>.

Liverish: Don't worry.

- I'm not putting it back and sabotaging us.
- I merely want some recognition.

Ki: A<u>mazing</u>.

• We're <u>making great time</u>. <3

Cat: ...<u>Still</u>...

• Ki speaks admiringly.

Ki: Watch him...

Cat: <u>Umm</u>...

Liverish: <u>See</u>...

• the <u>wuss</u> knows <u>what I'm talking about</u>.

Ki: *Do you <u>often do stuff like this for Cat</u>?* <3

Liverish: Of <u>course</u>.

• It doesn't take much.

Cat: Unless this is why cupboard doors open on my face.

Ki: He...pre<u>dicts too</u>? <3

Liverish: *Poor blind little animal*. <3

Ki: ...!

• *But <u>wow</u>.* <3

Cat: Wow enough?

Liverish: *Watch my *magic*. <3

Cat: <u>You</u> spelled...{*it <u>looks like he spelled magic as majic</u>}.

Liverish: I know what I did ...

- (<u>Apparently</u> your new...<u>friend</u>...
- Sees <u>some of my power the way I want her to</u>. <3).

Cat: ...

• (<u>What</u> do you plan to <u>do with that</u>?).

Liverish: (<u>Altering</u> things a <u>little</u>, but <u>fuck</u>,

Cat: (*Can you*?)

Liverish: (And then some.

- <u>*Ready to run?*</u>).
- {This <u>likely means</u> that the <u>bus is arriving at the university a little late</u>...1.4.18}.

Cat: (*Will I get <u>credit for it</u>?*).

Liverish: (Heh. We'll see.

• *I guess we'll see whose side the pet is really on*. <3).

Cat: (She's just impressed).

Liverish: (Enough.

• It's <u>enough</u>).

Cat: ...

Liverish: Better <u>run</u>...

• {It seems I'm <u>struggling with my usual bus schedule</u> at the time. No wonder there's <u>all this</u> <u>background talk</u> about "<u>running</u>"...7.4.17}.

Bus: Way Home

Cat: I <u>didn't</u> even <u>have to run</u>...

- (<u>what</u> are you <u>getting at</u>?
- <u>Is there</u> a <u>cost</u>?).

Liverish: (Only to me,

- and <u>I'm not getting at anything</u>.
- Merely <u>securing the affection of a devoted fan</u>.
- *Heh*).

Cat: (Uhh...<u>didn't you already call her a bunch of names</u>?)

Liverish: (*Ignore that*.

• <u>She</u> seems to have...).

Ki: He's <u>amazing</u>...

• <u>what he can do</u>! <3

Cat: Remember he's crafty, though.

- <u>I've</u> been <u>fooled</u> by him <u>thousands of times</u> I'm sure,
- because he's <u>a VERY convincing talker</u>.

Ki: <u>Yeah</u>, yeah,

• <u>don't worry</u>. <3

- I won't go crazy or anything.
- But I <u>can admire him</u>...

Cat: ...

Liverish: (*She'll be <u>wrapped around my finger</u> by <u>dawn</u>,

Cat: (Hypno{tics}).

Liverish: (*The <u>best</u>*. <3).

Cat: (Then <u>use it on FIXING ME</u>!).

Liverish: (You know I can't do that).

Cat: (I don't <u>CARE</u> what you <u>feel is necessary</u> with <u>her</u>).

Liverish: (Heh.

- <u>I</u> don't <u>care what they want</u>.
- I know I want to avoid being read to from a page of notes all fucking day long.
- *I'm <u>earning</u> her <u>mouth's on-off switch</u>. <3).*

Cat: (I'm sure she'd like to know you said that).

Liverish: (Oh, she KNOWS I'm rude;

- she just can't conceive of the danger...
- like <u>someone else I know</u>...).

Cat: (*Danger*...).

Liverish: (*Danger, yes.*

- <u>You mess</u> with <u>me</u>,
- <u>I fuck</u> you <u>up</u>).

Cat: (*If you <u>stop</u>*,

• <u>shouldn't</u> you get the <u>anti-venom</u>?)

Liverish: (A <u>reward</u>?

- But <u>Cat</u>,
- <u>I stopped harming you</u>.
- <u>You've</u> actually been <u>quite violent lately</u>).

Cat: (Violent...

• I <u>didn't</u> put a <u>scratch on you</u>...).

Liverish: (*But the <u>intention was there</u>…*).

Cat: (<u>You</u> could find <u>any excuse</u>).

Liverish: (I could.

• But I <u>chose this one</u>. <3).

Cat: (<u>*Cute</u>.....).</u>*

• {Remember, <u>2012</u> is still a <u>hostage-captor situation</u>, not a couple situation. I had <u>plenty of</u> <u>reason</u> to fight back...1.8.18}.

Liverish: (There is no way to keep her safe.

• I <u>hate</u> to be <u>told what to do</u>).

Cat: ...

Liverish: (*You* are <u>designed for it</u>;

• *listen to me and things will go better.* <3).

Cat: (I refuse to do anything that will sink me further, harm her, or impact the body worse).

Liverish: (The list goes on, hmm, Cat?

• <u>How far're you gonna stretch</u>?).

Cat: (...).

Liverish: (*I <u>want to help you</u> as my <u>newly re-found ally</u>... <3).*

Cat: ...

Liverish: (*But I <u>can't establish for myself</u> how to in<u>corporate her</u>... <3).*

Cat: ...

Ki: *He is plotting something,* • *isn't he?*

- She looks at her pages.
- Ki: *There's <u>something in here</u>....* • <u>*Ah*!</u>

Ki: Cat, <u>go sit on him</u>.

Cat:What!?

•<u>No</u>—!

Ki: *Just <u>do it</u>.*

Cat: ...

Liverish: Heh.

- <u>What's wrong</u>, Cat?
- *I got cooties*? <3

Cat: You are a cootie.

Ki: Of <u>course</u> you can <u>call me Ki</u>.

• {Note: In the <u>original early text</u>, she was <u>Kira</u>. <u>Ki</u> is <u>actually a short-form</u>...3.9.17}.

Cat: Like the kanji for energy?...

Ki: *<u>I</u> am <u>happy with it</u>.* <3

- Now go sit on his lap.
- Liverish, you sit down.

Liverish: *I'm not arguing*... <3

Cat: <u>Umm</u>...

Later That Evening...

Liverish: *Still no*?

• I thought <u>pet</u> Simon-<u>Said</u>. <3

Cat: *I'm...*

- <u>not cool with it</u>.
- {I <u>clearly</u> remember this...It was the <u>combination of recording it</u>, and <u>doing it in front of Ki</u> that was the <u>main issue</u> here...1.4.18}.

- I just thought ...

Ki: I'm blocking the exercise out.

Liverish: Perfect.

• <u>I smell library books</u>...

Cat:<u>Wow</u>....

Cat:!!!!

Liverish: Heh...

Cat: The sen<u>sations</u>...

Liverish: The sensations that matter.

Liverish: More.

Cat: That <u>place</u>...

• <u>doesn't exist</u>...

Liverish: Except in your mind's recesses.

Cat: I'm...<u>scared</u>.

Liverish: *It <u>is vital</u>*,

- <u>isn't</u> it.
- <u>Stairs</u> leading to <u>trees and a gazebo</u>...

Cat: ...I <u>don't know</u>.

- <u>Was it a dream</u>?
- The conversation I remember there was an important one.

Liverish: ...<u>Me too</u>,

{Current Playlist: Sly by Massive Attack}

Liverish: You ARE right.

- It would be likely for me to say "Don't worry, she's a loser".
- {I learned that a <u>high school crush</u> didn't like me in a <u>rather harsh way</u>...3.9.17}.
- {...And for some reason we've picked now to discuss it...7.5.17}.

Cat: *I <u>know</u>...*

- in <u>this case</u>.
- And <u>that</u>...

Liverish: Is why "standard in look" is nearly repulsive to you....

- {<u>Overconfident guys</u>, in reality...put me <u>on guard</u>. Would they ignore me if I was who I <u>used</u> to be? Liverish: "<u>With</u>", yes.

- It isn't the detail.
- The <u>detail</u> comes from <u>close contact</u>.

Cat: <u>What about</u>...?

Liverish: <u>Del</u>-weed?

• *He's got <u>almost none of my charge</u> you <u>spiteful bitch</u>.*

Cat: Being <u>spiteful wasn't my reason</u>.

• {*Though I was ignoring my orientation, not knowing it was an orientation...*3.9.17}.

Liverish: *Finding* someone <u>unlike me</u> was.

Cat: So he wouldn't finally kill me,

- I find out recently.
- {I have <u>no idea</u> what this means. Did I have a <u>realization</u> during an <u>exercise</u> I forgot to record?...3.9.17}.
- {Bad day, March 2017? This was <u>actually</u> one of the figures' future predictions that <u>almost</u> <u>came true</u>. <u>Doom's</u> possibly. I got with the <u>man with the charge</u> later. - {When I was with {Del}, Prairie Man let us stay with him for quite a while, so I got to know his <u>less dark sides</u>. We all hung out and watched movies and played RPGs. Liverish: I'm <u>not</u>.

Cat: *By*...

Liverish: Knows, thinks, does, AND becomes.

Cat: ...That con<u>cerns me</u>...

Liverish: It enters the realm of pass or fail.

- <u>Failure</u> is <u>easy</u>. <3

- {Future Lee: Relax. He dislocated a shoulder. Don't throw him a benefit or anything. Just wait. Cat: You were almost mine.

Liverish: And supposedly still am.

Cat: I <u>want to be a team</u>.

Liverish: *You <u>want to</u> be a <u>pet</u>.*

Cat: <u>Who</u> worked for <u>months trying to achieve that</u>?

Liverish: *Heh*.

- <u>Years</u>.
- And I'm <u>not sure</u> I can <u>see you as a teammate</u> as it <u>stands</u>.
- {Future Lee: *Don't worry, you've been upgraded to mascot.* <3...3.9.17}.
- {Future Cat: <u>We</u> treat <u>games about doing laundry</u> as a <u>sport</u>. I <u>think</u> I can <u>cope with that</u>. <3...3.9.17}.

Liverish: Always.

- We <u>can't</u> have <u>common ground</u>...
- <u>unless</u> we <u>get you in</u>...

Cat: {<u>You</u>} <u>come out</u> and <u>I stay in, right</u>?

Liverish: I haven't decided.

Cat: What <u>am I to you</u>?

Liverish: A beloved plaything.

• {Future Cat: *It was only because you proved yourself later that I stayed*...3.9.17}.

- {Future Lee: *Would I have <u>respected you otherwise</u>? < 3...3.9.17*}.
- {Future Cat: <u>What part of your respect do I care about</u>!? It's <u>all distorted to hell</u>...3.9.17}.

Cat: <u>Joy</u>.

• <u>How</u> can I <u>be upgraded</u>...?

Liverish: *You <u>already have</u>.*

• From <u>lab-rat</u> to <u>plaything</u>. <3

Cat: <u>Again</u>...joy.

Liverish: ...<u>Yes</u>?

Cat: <u>Again</u>...

• upgrade AGAIN.

Liverish: *Then you will be my assistant...*

- <u>not a henchman</u>.
- You'd <u>need some strength</u> to pull <u>that off</u>.

Cat: [...]?

Liverish: But usually he kicked your ass.

- He is the best one I've had.
- And <u>safe</u> not to <u>touch you</u>.

{Judging by <u>context</u>, we're talking about <u>Eerie's henchman qualities</u>. Again, Lee values Eerie's asexuality <u>a little too much</u>. Other {figures} <u>really</u> don't look at me that much. I'm <u>under five hundred years old</u>, for <u>one</u>, and <u>not controlled enough</u> to be <u>attractive</u> to most. My energy was <u>appealing to many as it hemorrhaged</u>, but <u>not</u> in the <u>sexual way Lee was so</u> <u>worried about all the time</u>. *Eerie <u>ironically</u> could have been <u>far more dangerous</u> than the <u>others</u> under the <u>wrong circumstances</u>...3.9.17}.*

Cat: Is <u>that enough for you</u>?

Liverish: ...<u>Nearly not</u>.

When you accept your servitude I'll get rid of him with a reward.

Cat: For <u>him</u>?

Liverish: So <u>he won't be back</u>.

Cat: *I'm <u>not</u>...*

Liverish: Doom WANTED you to surrender.

Cat: <u>I</u> see <u>that</u> as <u>different</u>.

Liverish: I <u>DON'T.</u>

• {Getting <u>into Lee's head</u> has given me a <u>well-rounded perspective</u>. That is what surrendering is <u>about</u> in the end...<u>Maintain control at all costs when sharing perspective</u>! You <u>must have a strong base persona</u> to return to...3.9.17}.

Later That Night...

Cat: I think it must be a different kind of surrender.....

• What is <u>your state</u> in it?

Liverish: ...*That hasn't <u>come up</u>.*

Cat: <u>Doom</u>?

• [...].

Doom: Don't be fooled, Cat.

- It is a state of capture but <u>only so much</u>.
- You can't allow him to either overtake you completely and consume you or allow him no room to grow into you.
- Let him be and stand your ground.
- There are <u>lines</u> he must <u>never cross</u> and you <u>know</u> them.
- Be <u>careful</u>.
- <u>Watch</u> those lines and <u>plan</u> on defending them.

Cat: <u>*Then*</u>...

Doom: This is going to be <u>unusual</u>.

Cat: You <u>almost missed</u> out the "going to be" part.

Doom: Liverish and I <u>do</u> live differently than others.

- Keep in mind,
- <u>his</u> way was taken prematurely.
- He followed someone <u>in</u>.
- He is <u>different</u> than before in fundamental ways but has...
- selfish aims still.
- Be <u>careful</u>, or he <u>will</u> be your <u>undoing</u>.

Cat: ...

Liverish: *I heard <u>ALL of that</u>*.

Cat: ...

Liverish: *Fuck, Cat...*

Cat: <u>What</u> can a person <u>say to all that</u>?

- <u>Thanks</u> for the <u>warning</u>, Doom.
- I will be careful.
- You're...
- <u>different</u>, Liverish?

Liverish: More skilled.

• I am the <u>only part of you</u> that <u>gets you up in the morning</u>.

Cat: So <u>a rift between us bars the body's actions</u>.

Liverish: <u>*Right*</u>.

Cat: <u>You</u> being <u>stronger</u>...<u>means</u>?

Liverish: I outweigh your say in many things.

Cat: *This is getting complicated*.

Liverish: You don't notice because you can't separate it.

- You <u>can't separate you</u>.
- Do you <u>wish</u> to use this skill <u>practically at all</u>?
- <u>Fuck</u>.
- I <u>can't believe</u>....
- <u>Fine</u>.
- <u>Here it is</u>.

- I can ensure you do things.
- <u>Try me</u>.
- I can force you to go through with it.
- I'm <u>not lazy like you</u>.
- <u>I take credit for your homework for a reason</u> you....
- but I <u>won't say that now</u>.
- I <u>do want to</u> co<u>operate</u> to <u>an extent</u>....

Cat: *Power war over my body*?

• (I <u>hope</u> they'll <u>be there</u>).

Liverish: I <u>supposed</u> it would be <u>me against the world</u>,

• but I hadn't seen it as so dramatic up until now...

Cat: A <u>takeover</u> is a <u>takeover</u>.

Liverish: I suppose they would see it that way.

Cat: *That makes you smile*?

Liverish: *Fuck, Cat*.

- I <u>could</u> take over the <u>world</u>...
- or a <u>fleck of it</u>,
- which was more than I'd ever hoped for...
- <u>dared to hope for</u>....
- a piece of you...can't hope for more than to become the whole thing.
- I'm <u>willing to cooperate</u>...
- teach you...anything necessary to have this final standoff.

Cat: ...<u>Standoff</u>?

• {*I'm pretty sure we're talking about the <u>Sacred Marriage</u> here, in <u>very daunting terms</u>, <u>without enough information about my future husband or what's happening not to scare me</u> <u>out of the idea for some time yet</u>...3.9.17}.*

Liverish: Can you meet my energy and still come out?

Cat: (Ki. Ki? What did you mean by "don't fall down"?).

Ki:

- <u>Ki</u> is <u>looking at Liverish</u>.
- She <u>seems nervous</u>.

Liverish: She won't answer you.

• We've <u>sworn an oath</u>...

Cat: Great.

- <u>What happened</u>?
- Did you <u>do something to her</u>?
- <u>Someone else</u>?

Liverish: <u>Easy</u>, Cat.

- I'm simply not interested in having you know the next part.
- <u>I</u> will <u>be your guide</u>.
- We'll meet at the abandoned amusement park.

Cat: ...<u>And</u>?

Liverish: We're going to teach you to astral project.

- {...<u>Nope</u>. Anything that <u>may have been astral projection</u> spurred from <u>rare natural lucid</u> <u>dreams</u>...or <u>failed</u>, <u>once spectacularly</u>...3.9.17}.
- {Did I not mention the cut-down marionette with the bloody scissors in its back? The one that looked like me, and corresponded to later physical back pain?...1.4.18}.
- {Lee <u>used to make claims about astral projection on a regular basis</u> that either <u>didn't work</u> <u>out</u>, or would lead to <u>minor catastrophe</u>...1.4.18}.

Cat:<u>*Right*</u>.

Liverish: Don't believe me?

Cat: What makes this time different?

Liverish: The <u>new things we've learned</u> we're <u>putting to practice</u>.

Cat: You keep saying it's something you can do.

Liverish: *It <u>is</u>*.

Cat: ...<u>Since</u>....?

Liverish: *Motor-mouth* shut <u>up</u> over <u>there</u>.

Ki:!

Cat: *Doom's way is always harder*,

- but I have to trust her too.
- We're <u>very close</u>.
- I need to do this.

Liverish: <u>Heheh</u>.

• <u>Good plan</u>. <3

Ki:!!!!!!

Liverish: No, look at me you stupid brat.

- "You promise" means "you don't need to be gagged to keep it",
- <u>got it</u>?
- <u>I did not lie</u>.
- Not <u>really</u>.
- <u>Think about it</u>...

Ki:!!!!!...!!!

Liverish: <u>No</u>.

• A <u>flame won't do</u>...

Ki: ...

Cat: <u>What</u> have you <u>done to her</u>?

Liverish: She did something stupid and now she's showing her deepest regrets.

• Ki seems angry.

Cat: <u>Let her go</u>.

• <u>Whatever it is</u>.

Liverish: Let's practise.

• <u>Meet me</u> at the <u>amusement park</u>.

Cat: ...*Fine*...

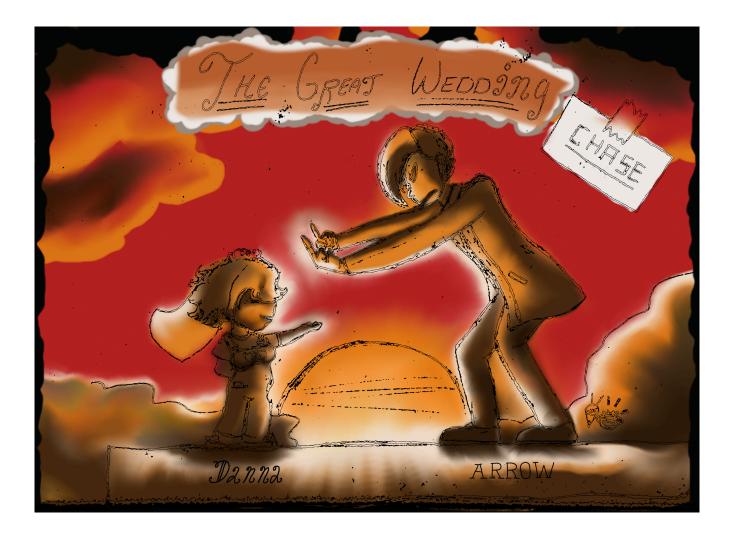

Meditation

Cat: <u>That</u> was <u>odd</u>.

Liverish: You did better than before.

Cat: <u>That's good</u>.

- {Future Cat:<u>Really, guys</u>? We're stopping <u>there</u> with the <u>added content</u>?...Why didn't we just <u>stop</u> with <u>last chapter's added content</u>...?...3.9.17}.

- {Future Cat: Yes. <u>Much better</u>. <u>Let's</u> end with <u>that, then</u>...3.9.17}.
- {Future Danna: Don't be facetious, Mittens. <3. "Mittens was facetious. The End" ... 3.9.17}.

- <u>Trust me</u>.
- They don't want to come back...

• The tourists' energy is sucked into Red as he emerges from a second pool.

Cat: <u>FUCK ME</u>!

- I <u>CAN'T BELIEVE</u> YOU'D <u>LET THAT HAPPEN LEE</u>,
- YOU <u>STRAWBERRY SMOOTHIE DELIGHT</u>!!

Red: I'm not Sl— Cat: —<u>Take it</u>. • Where's—

• <u>Twerp-Eerie emerges</u> from a <u>portal</u>.

• Arrow lets out a high-pitched whine.

Lee: Don't you DARE piss yourself in my brain, mister.

Cat: <u>When'd you put him in</u>— Lee: —<u>Liability</u>.

Cat: And <u>I'm not</u>?

Lee: They'll tunnel through me to get to you and not give you a second notice.

- You can't be with the Ming Vase that cries.
- You'll fuck that to hell,
- <u>along</u> with us <u>both dying</u> which is going to happen now.

Red: Are you <u>ready</u> for your <u>demise</u>? Your <u>time</u>— Danna: —A<u>HEM</u>!!!!

Red: Goodness, what are YOU doing here?

Danna: For a polite almost-British-sounding-guy,

- <u>you can do some collateral damage</u>. <3
- <u>WHAT is going on here</u>? <3!
- {Speaking of sugary sweet positivity...1.5.18}.

Lee: <u>Pitch</u>!

- Gonna <u>talk</u> like <u>that</u>,
- <u>may</u> as well just <u>blow into a whistle</u> repeatedly.

Danna: <u>Lee</u>.

- <u>Butt out</u>.
- I have some possible add-ons to my ban board.

Lee: I think it's under the meteor.

• <u>Hard to tell now</u> with <u>all the fire</u>.

Danna: <u>This ban board</u> is going to <u>sit in a desert thousands of years from now</u>,

- I <u>think</u> I want to <u>ban myself</u>. <3

Lee: *Focus*!!

- <u>Stay</u> between <u>death and US</u>,

Doom: You <u>called</u>?

Lee: NOT YOU!

Doom: Before she dies of black flame, we must refresh.

• Don't you understand?

Lee: <u>NOT READY</u> NOT <u>READY</u> NOT <u>READY</u> <u>NOOO</u>!!!

Doom: That encapsulated it. I must intercede.

• Doom stands between Cat and her enemies.

Eerie: But you <u>ordered</u> this.

- If you're going to cancel, I demand <u>all</u> of what I'm owed.
- We <u>have</u> them.

Doom: Lee says not yet.

Eerie: ...My pay...?

Doom: Your pay.

- You get pay for <u>act</u>.
- It should <u>not</u> have been so difficult.

Eerie: ...Does that mean your payment now includes your own defeat?

Doom: I suppose it does.

Lee: FUCK'S SAKE!

• USE IN<u>FLECTION YOU TWO</u>!!

Arrow: <u>My</u> thoughts <u>exactly</u>.

- She stands before them,
- about seven years old.
- A tiny replica of Cat in red magician's robes,
- and a brimless pointed hat with a flopped-over tip.

Cat: Why are you my exact childhood opposite?

Twerp: You're a cunt, Cat.

Cat:Yeah.

- <u>That</u>.
- <u>Why</u> are you devoid of innocence?

Twerp: No one ever believes you until it's too late, Cat.

- <u>No one</u>.
- <u>They WANT you to rot</u>.

Cat: <u>*Mood it.*</u>

• You <u>speak evil tongues</u>.

Twerp: As though I don't speak evil words?

• The mood is much worse...

Danna: <u>Cat</u>, can you <u>mind the scuffolding</u>? <3

Cat: What's a "scuffolding"?

Danna: *I have <u>no idea</u>.* • *Carry <u>on</u>. <*3 • Cat is struck by the tri-fold mood, of her three opponents in the form of a small child.

- She has a fond memory,
- and <u>sees</u> the <u>sad outcome</u> later.

Twerp: Think you can not look?

• <u>Cat's body's back cracks in a new place</u>.

Cat: <u>AHHH</u>!

Twerp: How's it feel, princess?

- *Hmm*.
- <u>Let's bring in a little</u>—

Cat: Don't you touch her!

Lee: Yeah. Don't whatever I don't care.

• Mimi's energy is sucked into the mass of malevolent energy.

Cat: <u>*MIMI</u>!!</u></u>*

Lee: Fuck her.

• <u>That little fucker's</u> gonna <u>fuck us up</u>.

Cat: <u>*Lee.*</u>

- We <u>need to brace ourself</u> for them...
- I'm <u>not good at it</u>.

Lee: Well fuck you, focus HERE!

- [...].
- Cat retrieves new lost memories.

• New <u>regrets</u>.

• Cat's chest cracks in a new place.

Cat: AHH!

• <u>FUCK</u>!

Arrow: A<u>HAHAHA</u>! <3

• <u>DIE</u>!!!

Lee: I CAN PUT HER IN THERE WITH YOU!!!

Cat: <u>Now</u>??

Lee: Th......ere.

• [...].

• <u>Cat</u> feels a <u>shoulder spasm</u>.

Cat: <u>*LEE*</u>!

• <u>Red</u> seems to have <u>replaced Lee's outgoing message with one of his own</u>.

Lee: <u>WRONG</u>!

- <u>THERE</u>!
- [...].
- THEY <u>HIJACKED THE SIGNAL</u>!!!
- <u>FOCUS</u>, <u>HE'S NOT ME</u>,
- <u>HE WAS JUST SUCH A FUCKING PART OF ME</u>!!

Cat: That's why...

Danna: No spoilers or you're going on the ban tablet. <3

• <u>Anyone</u> have a <u>chisel</u>? <3

Lee: MY GODS, YOU'RE STILL HERE!? FUCKING HELP US.

Danna: <u>Nopesies</u>! <3

Cat: Gimme more, Twerp.

- Hit me <u>hard</u>.
- <u>Do it</u>.
- <u>Let's get this over with</u>.
- In my <u>ribs there</u>, <u>right</u>?
- <u>What's</u> in my—
- Twerp: You know who you can't make it up to?
 - The <u>dead</u>.
 - You <u>can't make up your absence after the fact</u>. <3
 - There <u>could</u> have been <u>more visits</u>.
 - There were <u>ample opportunities</u>.
 - Cat's chest and back crack.

Lee: MOTHERFUCKING THAT HURT ME!!!

Cat: Should I take a pain reliever?

Lee: <u>NOT</u> A <u>FUCKING CHANCE</u>!!

- <u>CAT DON'T FORCE IT</u>.
- SHE WANTS YOU TO PUT YOUR FUCKING BACK OUT.

Cat: You're <u>right</u>, <u>not ready</u>.

• Arrow has been covering his ears and watching Lee tiredly.

Arrow: <u>Anyone else have a ringing in their ears</u>?

- Cat.
- <u>I'll help</u>.
- <u>This once</u>, because you <u>saved me</u> from <u>satan</u> back there.
- Focus <u>here</u>.
- Stay <u>here</u>.
- [...].
- {Note: Small "s" indicates *personal {figure}*, while big "S" is collective..7.9.17}.

Cat: Nothing's happening.

Lee: <u>That's because he means</u> [...].

• <u>Nice sentiment, though</u>.

• <u>Full</u> <u>center</u> <u>ribs</u>.

Cat: No <u>images</u>.

• <u>Nothing</u>.

Twerp group: Well defeat you.

- We'll de<u>stroy</u>.
- <u>You</u>.
- We'll eat your still beating intestines while you live.

Cat: ...<u>IEE</u>!!!

Lee: Oh. <u>Right</u>.

- That monster voice was pretty impressive coming out of a little girl is all.
- [...].
- Cat frowns.

Lee: Oh LOOK, your face IS staying like that. <3

Cat: I <u>need memories</u>.

• <u>This is clouded yet</u>.

Lee: <u>Longer</u> and <u>stiller</u>, • <u>can</u> you <u>muster it</u>?

- Cat remembers a friend who hurt her badly over a decade ago.
- <u>Cat's body's chest cracks</u>.

Cat: <u>AAAhhh</u>-kay.

- 0<u>kay</u>.
- <u>000000</u>kay.
- <u>We're</u> okay.

Lee: Shut up, Cat.

• Bring it back.

Cat: <u>EEEEEEEEEEEEEEE</u>.....

Lee: "EEEEEEEEEE" is right.

- <u>Use</u> more <u>vowels</u>. <3
- <u>Shut up and focus</u>.
- AND <u>SIT THE FUCK STILL</u>!!

Arrow: We're getting nowhere.

• She needs to focus where I said.

• Arrow pulls out a green energetic arrow, and uses his boomerang as an energy bow.

- He steps calmly out of Lee,
- draws his bow,
- and shoots Cat in the chest.
- She <u>falls shocked</u> into a <u>pool behind her</u>.
- Lee spins on Arrow.

Lee: <u>DEATH</u> YOU <u>DIE NOW</u> YOU <u>FUCK</u>DEATH <u>FUCK DIE</u>!!

Arrow: YOU AREN'T EVEN MAKING SENSE!!

Lee: YOU DID IT AGAIN!!!????

Arrow: <u>YES</u>!!

• <u>Twerp has placed her hand in the water</u>.

Twerp: *Excellent*...

• <u>This</u> should do <u>nicely</u>.

• The water crackles with black electricity as it also catches on Cat's fire.

Twerp: <u>Feel</u> it <u>with your all</u>, Cat.

- Feel the <u>all</u> with your <u>all</u>...
- Does it <u>spark</u> around the <u>edges</u>?
- <u>Make it dance</u>...

- Cat learns "<u>spark point</u>":
- If you have <u>numb points</u>, focusing on the <u>molten heat</u> <u>between where you still feel, and where the</u> <u>feelings stops</u>, will get you to the next level.

Lee: *LONGER, CAT*!!

- <u>DON'T DIE</u>!
- HOLD ONTO THE SCARCE TECHNIQUE YOU HAVE!!

Cat: Blbbuflblbbblb.

Lee: <u>Mood it</u>!

- You're <u>under water</u>!
- <u>STAND STILL</u> OUT <u>THERE</u>!!!

Twerp Group: There.

- <u>Give it to me</u>,
- and I'll <u>let you be</u>.
- <u>Give me your soul</u>.

Cat: I won't give my soul.

Twerp Group: Your pain is your soul.

• <u>Give</u> me your <u>soul</u> and I'll give you <u>freedom from pain</u>.

Cat: My Self shall divide...

• <u>Who</u>...

- Doom Steps out of Cat.
- May Steps from Doom.
- {<u>Lee and I eventually had a daughter</u>, who <u>immediately</u> grew up to become something like an <u>ambassador of Self</u>. We've had some <u>temporal bonding difficulties</u>, due to her <u>immediately</u> growing <u>up</u>, so she's <u>inevitably become closest with Lee</u>...1.8.18}.

May: You shall not hurt her more than your share allows.

- Half to be<u>low</u>.
- Half to above.
- Are we <u>clear</u>?

Twerp Group: Our share is not exacted.

May: <u>*Cat*</u>.

- <u>Mother</u>.
- <u>Daughter</u>:
- <u>Young self</u>.
- You are but a <u>small part of me</u>, but I love you <u>dearly</u>.
- You are a small part of me, but I was not your choice,
- and so you *fear me more than life itself*.
- Do not <u>fear more</u>.
- <u>I shall steer this conversation</u> now.

Cat: May...

Doom: Life is the heart of death.

May: <u>Mother</u>.

• Resume knife's edge.

Cat: ...<u>Yes, my god</u>. <u>My conduit</u>...

- I'm shamed by what I don't feel.
- I <u>know I can't lie to you</u>.

May: <u>Never lie to me</u>.

- <u>Knife's edge</u> cannot lie.
- <u>Resume</u>.
- Cat uses "spark point" again.

• She finds the most intense pain and rests there.

May: *Follow the edge*.

- <u>Good work.</u>
- Cat's chest cracks.

Lee: <u>BETTER</u>!

Cat: Tsssssss.

- <u>*Ow.....*</u>
- *AHHH!*
- <u>Wow</u>...
- That <u>feels better</u>...!!

Lee: <u>What</u>, you <u>think</u> we were <u>working on</u> a <u>sprain</u>?

Cat: <u>We</u>?

• You're killing Arrow!

May: He's with you, Mother.

Lee: THANK you, sweetie. <3

May: Not to worry, Daddy.

- Resume knife's edge, Mother.
- Cat is overcome by the electricity.
- May <u>fills her with light</u>.
- {May is <u>still</u> the {archetypal figure} <u>closest to the Self</u> that I can communicate with <u>in</u> <u>words...3.9.17</u>}.

Lee: MAIN<u>TAIN</u> IT, <u>SMALL FRY</u>!

• BE A <u>GOOD WIFE FOR A CHANGE</u>!!

Cat: <u>SHUT UP AND LET ME CONCENTRATE</u>!

Lee: <u>STAY</u> ON THE <u>KNIFE'S EDGE</u>, <u>WILL YOU</u>?

- THE <u>SPARK POINT</u>?
- YOU JUST HAD THE FUCKING TUTORIAL!
- FROM <u>MINI-SATAN</u>!
- Cat continues.

Lee: See?

Twerp Group: It's easier to pull away first than to be wrong.

- Than to <u>be rejected</u>.
- <u>Pre</u>reject.
- <u>Pre</u>reject.
- Cat is overcome by fear.
- The enemy is attacking her personal ties,
- and her issues with intimacy.
- Joy!

Lee: <u>YAY</u>!

- *Round <u>2</u>!*
- Your <u>spine</u> is {<u>bubble-rapping</u>}.

Cat: It SHOULDN'T DO THAT!

Lee: Sure it fucking should.

• <u>Fuck you</u>.

- The floor of the pool vanishes, suddenly,
- and Cat falls into darkness, screaming.
- Her body's spine crackles heavily.

Cat: I HATE this symptom.

Lee: Almost there.

- <u>See</u>?
- You're going to be getting migraines again instead pretty soon. <3
- I can <u>feel it</u>...

Cat: Don't sound cheerful about migraines...

Lee: Better than cancer.

Cat: Don't say that either:

• Where <u>are you</u>?

Lee: In your form.

- We're doing a <u>Dutch doll*</u> thing.
- Arrow's <u>crying at the center</u>.

• {Special note: The term Lee's looking for is "Russian nesting doll"...7.9.17}.

Arrow: AM NOT!

Lee: <u>WILL be crying at the center</u>, <u>my mistake</u>. <3

<u>Solar plexus</u>.

Cat: <u>FUCK</u>!

Lee: Take it with GRACE why don't you...?

Cat: <u>READ</u> YOUR<u>SELF</u>!

- <u>JUST</u>...
- <u>READ</u> YOUR<u>SELF</u>!
- The darkness begins to touch her all over like many cold hands.
- She screams.
- {on the inside, of course...7.9.17}.
- Her chest pops.

- She's standing in an overly-lit white room.
- She's in a white-bricked basement.
- She's in the water pipe near the ceiling, in the water.
- She's back in the room.

Cat: Did I press a button or something?

• The lights came on.

Lee: Layers of chest tension later.

• <u>How</u> do we <u>breathe at all</u>?

Cat: <u>Aaaaaah</u>...

Lee: Grace. Hmm?

- <u>Final chapter</u>.
- <u>Stop moaning</u> like a <u>wildebeest</u>.

Lee: You're a *fucking trout is what you are*.

Cat: <u>Niiiiiiiiiiiiiiiiee</u>one...

Lee: Just <u>bear it in silence</u>, <u>will you</u>? • <u>That doesn't need to be written down</u>.

Danna: <u>Sure it does</u>. <3

- Cat <u>fears for the future of the book</u>.
- <u>Supposedly</u>, this is the <u>purpose of</u> sounding like a <u>wildebeest</u>.

Danna: <u>See</u>?

• <u>Energy well spent</u>. <3

Lee: Addressing MORE fear isn't helpful right now.

Danna: I thought it was the point. <3

- Dis<u>abler</u>:
- DIS<u>ABLER</u>!

Lee: <u>You preempt the experience of fear</u>, Cat.

- <u>That's</u> why Evil<u>dum</u> and Evil<u>dee</u> are here.
- <u>Cough</u> up their <u>due</u>.
- You know how to now.
- And do it with some FUCKING grace you fucking sea lion.

Cat: I'm a <u>WHAT now</u>?

Lee: It's an insult.

• <u>Trust me</u>.

Cat: ...0<u>kay</u>.

- Cat braves the dark sparks and bright lights of the knife's edge,
- of the <u>spark point</u>.
- For a long time she sits in it.
- Her ribs crack one more time and feel much more relaxed.

Twerp Group: <u>One-quarter dead</u>.

- You are to be collected more than once.
- We are <u>paid for now</u>.

- The group <u>dissipates</u>,
- <u>freeing Mimi</u>.

- Lee seems to be pulling Cat up and out of the swimming pool again.
- He does this by her right ankle, scraping her weakened form across the concrete.

Arrow: I told you I knew what I was doing!

Danna: Maybe I shouldn't have promised what I did, then? <3

Arrow: To marry me against my will?

Danna: <u>Lee</u>?

• <u>Will you do the honours</u>? <3

Lee: THANK YOU!!

- <u>Arrow</u>, she's not going to force you to marry her.
- <u>That</u> was the <u>deal</u> for <u>bringing you back here</u>.

Arrow: ...<u>No way</u>.

- I don't believe a word you've said or written!
- <u>Any of you</u>!

Lee and Cat: Well, <u>it's true</u>!!

- Danna steps forward and takes a bow. It starts raining roses.
- She grabs Lee and Arrow by the arms and tries to make them bow with her.

Lee: *Fuck you and your <u>weird shit</u>.*

- I'm out of here.
- To show you I'm serious I'm ending the book.

Arrow: This IS the end of book one,

• <u>if</u> there <u>ARE any more</u>.

Cat: I <u>hope so</u>.

Lee: <u>Arrow</u> The book is <u>ending now</u> because of <u>you</u>. I <u>hope you know that</u>. The book is <u>ending</u> because <u>you suck</u>, and because <u>everyone hates you</u>. I'm <u>confident</u> this would be a <u>twenty-five chapter book</u>, or <u>even a thirty-chapter book</u> if you didn't just <u>cause it to end by being the worst {vox} ever</u>. You <u>know</u> <u>what</u>, you <u>ARE going to marry Danna</u>, I'll see <u>to it</u>. Just be<u>cause</u>—

• —Cat <u>closes her writing software with a loving smile.</u>

• {Lee smiles back at her <u>brightly</u>, then messes her hair up}.

I Told You Not To Draw Me In Some Weird Pose
